

INFORMED CONSENT FOR IN-PERSON SERVICES DURING COVID-19 PUBLIC HEALTH CRISIS

This document contains important information about our decision (yours and mine) to provide in-person services in light of the COVID-19 public health crisis. Please read this carefully and let us know if you have any questions.

Decision to Meet Face-to-Face

We have agreed to meet in person for some or all future sessions. If there is a resurgence of the pandemic, I may require that we meet via telehealth. If you have concerns about meeting through telehealth, we will talk about it first and try to address any issues. If you decide at any time that you would feel safer staying with or returning to telehealth services, I will respect that decision, as long as it is feasible and clinically appropriate. Reimbursement for telehealth services is also determined by the insurance companies, so that is an issue we may also need to discuss.

Risks of Opting for In-Person Services

You understand that by coming to the office, you are assuming the risk of exposure to the coronavirus.

Your Responsibility to Minimize Your Exposure

To obtain services in person, you agree to take certain precautions which will help keep everyone safer from exposure. If you do not adhere to these safeguards, it may result in our starting/returning to a telehealth arrangement.

- You will only keep your in-person appointment if you are symptom free.
- You will wait in your car or outside until we notify you to come into the building.
- You will adhere to the safe distancing precautions we have set up in the office.
- If you are bringing your child, you will ensure that your child follows all sanitation and distancing protocols.
- You will take steps between appointments to minimize your exposure to COVID.
- If you have a job that exposes you to other people who are infected, you will immediately let me know.
- If a resident of your home tests positive for the infection, you will immediately let me know and we will then begin/resume treatment via telehealth.

The above precautions may change if additional local, state, or federal orders or guidelines are published.

RPA's Commitment to Minimize Exposure

Our practice has taken steps to reduce the risk of spreading the coronavirus within the office and we have posted our efforts on our website and Facebook page. Please let us know if you have questions about these efforts.

If You or I Are Sick

You understand that I am committed to keeping you, me, and the community safe from the spread of this virus. If you show up for an appointment and I believe that you have a fever or other symptoms, or believe you have been exposed, I will have to require you to leave the office immediately. We can follow up with services by telehealth as appropriate.

If I test positive for the coronavirus, I will notify you so that you can take appropriate precautions.

Your Confidentiality in the Case of Infection

If you have tested positive for the coronavirus, I may be required to notify local health authorities that you have been in the office. If I have to report this, I will only provide the minimum information necessary for their data collection and will not go into any details about the reason(s) for our visits. By signing this form, you are agreeing that I may do so without an additional signed release.

Informed Consent

This agreement supplements the general informed consent/business agreement that we agreed to at the start of our work together. Your signature below shows that you agree to these terms and conditions.
